ABOUT US

Tentang Kami

WHO WE ARE

Sekilas NKE

PT Nusa Konstruksi Enjiniring Tbk (NKE) is Indonesian's largest independent private company with construction and engineering as its core businesses. NKE's construction and engineering capabilities cover both civil and building works.

PT Nusa Konstruksi Enjiniring Tbk (NKE) adalah perusahaan swasta independen Indonesia yang terbesar yang bergerak di bidang konstruksi dan *engineering* sebagai bidang usaha utamanya. Kemampuan konstruksi dan *engineering* yang dimiliki NKE meliputi pekerjaan sipil maupun bangunan gedung.

WHAT WE DO

Kegiatan Usaha

Augmenting its core construction activities, NKE has capability in building (high-rise building, high-end hotel and apartment, premium office tower, and many more) and infrastructure works (road, high way, bridge, airport, dam, and many more). NKE has expanded into renewable energy, resources, and property development-related businesses. With its track-record performance, the Company has built a strong foundation for future growth. NKE now has further diversified itself with hydroelectrical power facility projects for the energy sector and is deepening its involvement in the coal mining industry.

Selain kegiatan konstruksi utama, NKE memiliki kemampuan dalam pekerjaan bangunan gedung (gedung bertingkat tinggi, hotel dan apartemen kelas atas, menara kantor premium, dan lain-lain) dan pekerjaan infrastruktur (jalan raya, jalan layang, jembatan, bandara, bendungan, dan lain-lain). NKE juga telah merambah usaha energi dan sumber daya terbarukan, serta bisnis terkait pengembangan properti. Dengan rekam jejaknya dan kinerja yang baik, NKE telah membangun *fondasi* yang kuat untuk pertumbuhan di masa depan. NKE sekarang telah lebih jauh mendiversifikasikan diri melalui proyek-proyek fasilitas pembangkit listrik tenaga air untuk sektor energi dan memperdalam keterlibatannya di industri pertambangan batubara.

WHERE WE ARE

Lokasi

Our business spans within and beyond the Jakarta Region, reaching across the Greater Indonesian Archipelago. NKE has successfully completed more than 150 infrastructure projects as well as over 170 building projects since its establishment, and continues to expand its business.

Bisnis kami tersebar di dalam dan di luar Wilayah Jakarta, menjangkau seluruh daerah di Indonesia. Sejak didirikan, NKE telah berhasil menyelesaikan lebih dari 150 proyek infrastruktur serta lebih dari 170 proyek pembangunan, dan terus memperluas bisnisnya hingga sekarang.

MILESTONE — Jejak Langkah

2017

The Company's management restructured the organization and finances of the Company and subsidiaries. In regard to work types, NKE actively took part in infrastructure projects whose funds sourced from the State Budget, APBD, SOE Budget, and so on.

Manajemen Perseroan melakukan restrukturisasi pada organisasi dan keuangan Perseroan dan anak perusahaan. Dan untuk jenis pekerjaan, NKE aktif menggarap pekerjaan infrastruktur yang sumber dananya berasal dari APBN, APBD, anggaran BUMN, dan lain-lain.

2018

NKE continued to enter into cooperation with leading international companies, including Hyundai Engineering & Construction Co. Ltd., Tokyu Land, TOA Construction, and CSCEC Straits Construction and Development Co. Ltd.

NKE terus menjalin kerja sama dengan perusahaan internasional terkemuka, seperti Hyundai Engineering & Construction Co. Ltd., Tokyu Land, TOA Construction, dan CSCEC Straits Construction and Development Co. Ltd.

2013

Supported by skilled and experienced human capital, NKE managed to conduct operations in major cities of Indonesia via four fully operational branch offices. Taking into account its market expansion strategy, the Company continued to exhibit strong growth and delivered increasing returns to shareholders

Didukung oleh sumber daya manusia yang terampil dan berpengalaman, NKE saat ini beroperasi di kota-kota besar di seluruh Indonesia melalui empat kantor cabang yang beroperasi penuh. Mengingat strategi ekspansi pasar kami, manajemen berkeyakinan Perseroan akan melanjutkan pertumbuhan yang kuat, memberikan peningkatan pada imbal hasil pemegang saham.

2015

NKE signed a cooperation agreement with an Australian mining company, Macmahon Holdings Ltd, to undertake mining projects and consequently sealed the Martabe gold mining project in North Sumatera.

Perseroan menandatangani perjanjian kerja sama dengan perusahaan pertambangan Australia, Macmahon Holdings Ltd, untuk melakukan proyek pertambangan dan karenanya Perseroan menutup proyek pertambangan emas Martabe di Sumatera Utara.

2012

The Company officially changed its name to PT Nusa Konstruksi Engineering Tbk as a sign of restructuring of the Company. This included the implementation of new strategy focusing on diversification to energy sector and on private sector.

Perseroan resmi menggunakan nama PT Nusa Konstruksi Engineering Tbk. yang menandai restrukturisasi Perseroan, termasuk strategi baru Perseroan yang berfokus pada diversifikasi ke sektor energi, serta fokus pada sektor swasta.

2010

The Company established Duta Graha Arabia in Saudi Arabia. NKE also became the first Indonesian construction company to win infrastructure contracts in Timor Leste.

Perseroan mendirikan Duta Graha Arabia di Arab Saudi. NKE juga menjadi perusahaan konstruksi pertama di Indonesia yang memenangkan kontrak infrastruktur di Timor Leste.

2008

The Company expanded its business by entering into mining infrastructure sector.

Perseroan mulai mengembangkan usahanya dan masuk ke sektor infrastruktur pertambangan.

2007

The Company executed an Initial Public Offering of 1,662,345,000 shares on Indonesia Stock Exchange. The 30% release of its total shares did not only result in a stronger capital structure, but also provided catalyst on better transparency and corporate governance practices.

Perseroan melakukan penawaran umum perdana 1.662.345.000 lembar saham di Bursa Efek Indonesia. Pelepasan 30% saham tersebut tidak hanya menghasilkan struktur permodalan yang lebih kuat, namun juga memberikan katalis untuk transparansi dan praktik tata kelola perusahaan yang lebih baik.

1990

The Company expanded its business to Nusa Tenggara and Sulawesi, executing various infrastructure projects such as dams, irrigation channel, ports, floodmitigation, coastal protection, and river normalization projects. The Company has also been acknowledged through its mega project such as irrigation channel in Antokkan (Padang, West Sumatra), runway project of Hassanudin airports (Makassar, South Sulawesi), Indonesia Stock Exchange Building (Jakarta), Grand Indonesia Complex (Jakarta), Dharmawangsa Hotel (Jakarta), and Amartapura Apartment (Karawaci, Tangerang).

Perseroan melakukan ekspansi ke wilayah Nusa Tenggara dan Sulawesi, mengerjakan berbagai macam proyek infrastruktur, termasuk bendungan, kanal irigasi, pelabuhan, mitigasi banjir, pelindung pesisir dan proyek normalisasi sungai. Perseroan juga menerima pengakuan untuk mega proyek seperti proyek irigasi Antokkan (Padang, Sumatra barat), proyek runway di Bandar Udara Hassanudin (Makassar, Sulawesi Selatan), gedung Bursa Efek Indonesia (Jakarta), Kompleks Grand Indonesia (Jakarta), Hotel Dharmawangsa (Jakarta), dan Apartemen Amartapura (Karawaci, Tangerang).

1986

The Company began its first infrastructure project of road construction in Sumatra in 1986.

Perseroan mulai menjalankan proyek infrastruktur pertama, yaitu konstruksi jalan di Sumatera pada tahun 1986.

1982

Initially known as PT Duta Graha Indah, a construction company established in Jakarta on January 11, 1982, NKE has grown into a company that is able to develop complex structural and infrastructure projects throughout Indonesia and overseas.

Berawal dengan nama PT Duta Graha Indah, sebuah perusahaan konstruksi yang didirikan di Jakarta, 11 Januari 1982, NKE telah bertumbuh menjadi perusahaan yang mampu membangun proyek struktural dan infrastruktur yang kompleks di seluruh Indonesia dan internasional.

VISION — Visi

To Become a Leading Company in Terms of Diversification of Construction Business, Engineering and Investment in Indonesia.

Menjadi Perusahaan yang unggul dalam melakukan diversifikasi bisnis konstruksi, engineering dan investasi di Indonesia

MISSION — Misi

Developing organization to constantly conduct improvement and able to adapt well to the changes.

Mengembangkan organisasi yang selalu melakukan perbaikan secara berkelanjutan dan dapat beradaptasi dengan baik terhadap perubahan.

Implement Good Corporate Governance (GCG) and maximized stakeholders interest.

Mengimplementasikan *Good Corporate Governance* (GCG) dan memaksimalkan kepentingan dari stakeholders.

Continuously conducts new innovation for business potency to improve performance and profitability.

Selalu melakukan inovasi-inovasi baru terhadap potensi bisnis untuk meningkatkan kinerja dan profitabilitas.

To be pioneer in the development of work method, equipment, and technology as well as integrated management system.

Menjadi pelopor pengembangan metode kerja, peralatan, teknologi dan sistem manajemen yang terintegrasi dalam bisnis konstruksi.

Create strategic synergy with vendors, business partners and clients.

Menciptakan sinergi strategis dengan vendor, mitra bisnis dan klien.

COMPANY VALUES — Nilai-Nilai Perusahaan

infrastruktur — *infrastructure*

With more than 30 years of experience in the world of construction in Indonesia, NKE has completed more than 190 infrastructure projects with the type of road works, bridges, airports, reservoirs, irrigation, and others originating from the public and private sectors.

Memiliki pengalaman selama lebih dari 30 tahun di bidang konstruksi di Indonesia, NKE telah menyelesaikan lebih dari 190 proyek infrastruktur, seperti jalan raya, jembatan, bandara, waduk, saluran irigasi, dan lain-lain, yang berasal dari sektor publik maupun swasta.

PEOPLE — Insan NKE

NKE considers employees as the main asset of the Company, and we invest in our human resource development accordingly. Beginning with recruiting the best talent for all levels of the organization, we emphasize in skills development with our continuous training program. The Company makes a significant investment in training and it is mandatory for all employees. One of NKE's growth strategies is to recruit self-motivated professionals with high proficiency and to keep developing all of our available employees. The training provided by the Company does not only focus on technical skills but also include broader management skills and career development.

Bagi kami, karyawan adalah aset utama Perusahaan sehingga pengembangan Sumber Daya Manusia (SDM) menjadi suatu investasi tersendiri. Dimulai dari perekrutan talenta terbaik untuk semua tingkatan organisasi, kami memberi penekanan pada pengembangan keterampilan melalui program pelatihan berkelanjutan yang dianggap signifikan dan wajib bagi semua karyawan. Salah satu strategi pertumbuhan NKE adalah merekrut profesional berkemampuan tinggi dan memiliki motivasi, dan terus mengembangkan semua karyawan kami tanpa terkecuali. Pelatihan yang diberikan oleh tentu tidak hanya berfokus pada keterampilan teknis tetapi juga mencakup keterampilan manajemen yang lebih luas serta pengembangan karier.
